## ***“The Red Book”*** **Player Handbook** **Tournament Information 2016**

**Mark Riley • Tournament Director**  
**Darrell Davies • Referee**

## Welcome!

As the Tournament Director, I extend a warm welcome on behalf of Kalamazoo College, Western Michigan University, and the hundreds of members of this year's Tournament Committees. We hope your visit to Kalamazoo will be a rewarding and enjoyable experience.

Congratulations on being one of the top tennis players in your age division in the United States. You have worked hard to earn the right to play in the USTA National Championships, and you deserve to have a tournament conducted for you in a professional manner. We will run a tournament that is fair to all competitors. In return, we expect that you will conduct yourself in a professional manner, adhering to proper and courteous standards of decorum. Have fun, play hard, and good luck to each of you.

Mark Riley • *Tournament Director*

*A WORD FROM THE REFEREE ...* The modern game of tennis and the rules by which it is played have changed little since its inception in early nineteenth century England. In 1989, Colonel Nick Powel wrote "The Code". This was not a set of rules of the game, but rather a set of standards of fair play, an attitude if you will, by which all competitors should abide. It is in that context that I would remind everyone who is involved in this national championship to see their role as well. Parents, relatives, friends, and coaches should see themselves as integral parts of this event and act according to the spirit if not the letter of "The Code". Each person has a specific but different role in completing this event successfully. Players play matches, parents parent, coaches coach, and officials officiate. If everyone fulfills their specific role as they should (according to "The Code"), we will have a successful team effort in completing this event.

As the referee I am ultimately responsible for all outcomes in this tournament. If any coach, professional, or parent observes anything which, after careful thought, disturbs you, then take it up at once with me directly or one of the deputy referees who represent me (chair and line umpires are prohibited from interacting with the public). Be assured that I will use my best judgment in handling all situations and will attempt, above all, to be fair and correct in every decision I make insofar as it is humanly possible. Please enjoy your time here.

Darrell Davies • *Referee*

## Medical Information

The prescribed USTA “Emergency Care Guidelines” will be followed and can be found in the 2016 publication “Friend at Court” (pages 166-170).

**Medical Services ...** Trainers and/or doctors will provide continuous medical coverage throughout the entire tournament and will be on duty an hour before the first match until the finish of the last match each day. At Stowe Stadium, trainers are located at court level or in the stands adjacent to the Tower and will call for a tournament doctor if necessary. Trainers will be near the tournament desk at WMU. In case of an emergency, any Tower official can help you contact a tournament doctor. **If you need to withdraw from the tournament for medical reasons, you must come to the Stowe Stadium Tower to have the Referee sign your withdrawal form. Failure to do so will result in 5 suspension points.**

**Notes from Athletic Trainers ...** As many of you are aware, it can get hot and humid here in August. An athlete can lose approximately 3/4 of a gallon of fluid per hour of exercise. In order to prevent dehydration/heat illness and maintain optimum performance levels, replacing that fluid is imperative. Below are some guidelines and tips that you can follow to help you stay hydrated and stay “in the game”. Should you have any questions or concerns, stop by the Athletic Training Room at court level of the Tower at Stowe Stadium.

### Effects of Dehydration

- 1% to 2% of body weight decrease can hinder physiological function, which negatively affects performance
- 3% and above of body weight decrease can further negatively affect performance and increase your risk of exertional heat illness (heat cramps, heat exhaustion and heat stroke)

### Warning Signs of Dehydration

- Thirst • Muscle Cramps • Fatigue • Loss of Performance • Vomiting • Irritability

### Preventing Dehydration/Heat Illness

#### **Before Exercise:**

- Drink at least 17-20 oz. of fluid 2-3 hours prior to activity
- Drink 7-10 oz. of fluid 20 minutes prior to activity

#### **During Exercise:**

- Drink 7-10 oz. of fluid every 10-15 minutes
- If activity lasts longer than 45 minutes, fluid replacement should include a sports drink

#### **After Exercise:**

- Drink at least 20 oz. of fluid per pound of weight loss within 2 hours. The fluid should contain water, carbohydrates and electrolytes

The Tournament is not responsible for locating players who fail to comply with the above instructions. Rain sites are The Markin Racquet Center, YMCA - Maple Street/Kalamazoo, YMCA - Portage and WMU/West Hills Athletic Club (addresses on page 8).

**Pet Policy ...** We cannot allow pets inside Stowe Stadium due to public health laws. Additionally, no pets allowed inside the tennis enclosures at Sorensen Courts (WMU). We welcome ADA-qualified service animals that are specifically trained to work or perform tasks for people with disabilities.
